## Sola Women's Thermic Vest

(STHV)

**\$109.99**

Sola new Thermic Vest is a technical marvel in design and fashion. Insulated with new 3M Featherless, it is as lightweight as down, yet retains warmth when wet. Ultra packable, you'll never have to leave it behind. Knowing that Sola fans are as happy in the woods as they are at home, the Thermic has a safety harness slit in the back.

- Quiet lightweight fabric surrounds 3M Thinsulate Featherless 600 Fill power insulation
- 1 Zippered chest pocket
- 2 lower snap pockets
- Drawcord adjustable waist
- Harness slit for easy attachment and layering
- Pay now and your order will ship the end of June

**Durable Water Repellency** The outer fabric is treated with a water repellent hydrophobic coating which forces water to bead up and roll off the surface of the fabric. It extends the saturation point of the fabric and allows you to stay comfortable and in the field longer.

**S3™ Silver Anti-Microbial Technology** S3 products utilize antimicrobial technology which helps to inhibit the growth of odor causing bacteria. S3 keeps the garment smelling fresher longer.

**Thinsulate** Thinsulate™ provides 1 to 2 times the insulation of duck down, while being much less water-absorbent and much more resistant to crushing. The insulation properties are beneficial for retaining some of the heat produced by the body for comfortable warmth while the moisture produced, e.g. by sweating, evaporates.
